

Each across clue has a misprint of one letter that must be corrected in order to solve it. All the words with misprints are emboldened, and after correction will still be real words. The corrected (i.e. new) letters, in clue order, form a 7-word quotation, but missing one of those words.

What is the missing word? (The completed grid may provide further help.)

Across

- 9 Quiet Scotsman punches **raver** (5)
- 10 I lead, heading off Penny by road transport (9)
- 11 High-powered **Jessy** Green's name rejected (9)
